The Rainbow Fish - by Marcus Pfister

Paper Plate Rainbow Fish

Materials:

- 1 plain paper plate
- blue paint (watercolor, or acrylic mixed with water) and brush
- colorful tissue paper, cut into scale shapes
- light blue construction paper triangles or fin shapes (2 - as shown)
- aluminum foil cut into scale shapes
- crayons or markers
- 1 large google eye (optional)
- glue

Directions:

1. Cut wedge out of paper plate for mouth. Keep wedge to use as tail fin.
2. Liberally apply watery blue paint to both pieces.
3. Mix glue or mod podge with water.
4. While plate is still wet, apply tissue paper scales to the body portion of the fish. Brush over with watery glue.
5. Dab glue onto tail wedge, paper fins, and eye, and attach.
6. Detail with crayon or marker.
